

Virtual Conference

October 13-15, 2020

SESSION TITLE: Using the USDA Websoil Survey and Beacon to Supplement a Soil Analysis for Chapter 69 Requirements.

DESCRIPTION: This presentation will go over the basics of using the USDA Websoil survey and Beacon by Schneider to supplement a soil analysis to meet Chapter 69 Soil Evaluations (567-69.9(1)b). The presentation will show you how to search for an area of interest and in Websoil Survey and how to interpret the results and how to use Beacon for property/system location and soil identification.
