

Webinar Series

Investing in Rural Health Equity and Prosperity

Wednesday, August 10, 2022

1 p.m.-2 p.m. CDT

Register [here](#) or scan the code below. A recording of the webinar will also be posted at this site.

Come to discuss the unique challenges and strengths that rural communities hold that affect health equity and economic prosperity, as well as promising practices, tools, and resources that can be implemented to promote health in these areas. We have assembled speakers from academia and practice to share their expertise and experience through an equity-minded approach. The session will conclude with **open conversation**.
